DETAILED ACTION

This Office Action is in response to the applicant's amendment dated 12/6/2004.

Claims 1, 4, 5, 9, 12, 17, 21, 22, 24 and 26 were amended by the applicant.

Claims 2, 3, 13 and 23 were cancelled by the applicant.

Claims 31-41 were added as new claims by the applicant.

Claims 1, 4-12, 14-22 and 24-41 are pending.

Information Disclosure Statement

The examiner acknowledges receipt of Information Disclosure Statements dated 12/6/2004 and 1/31/2005, and has considered said disclosures.

Response to Amendment

Objections to Claims and Drawings

1. In view of the applicant's changes to Figure 3, and Claims 4, 9 and 12, the examiner withdraws all objections to said figure and claims.

Rejections under 35 USC 112 2nd Paragraph

2. In view of the applicant's amendment to Claims 14 and 21, the examiner withdraws the rejections of said claims under 35 USC 112 2nd paragraph as lacking antecedent basis.

Response to Arguments

Rejections under 35 USC 112 1st Paragraph

3. In view of the applicant's argument in re: Claims 8, 20 and 29, the examiner withdraws the rejection of said claims under 35 USC 112 first paragraph.

Rejections under 35 USC 112 2nd Paragraph

4. In view of the applicant's argument re: Claim 30 as having proper antecedent basis, the examiner disagreed, and maintained the rejection of said claim, but in an examiner's amendment (see Examiner's Amendment below), Claims 22, 24 and 25 were amended to correct the basis for Claim 30, and so the examiner withdraws the rejection of Claim 30.

Rejections under 35 USC 102 and 103

5. Applicant's arguments, see amendment, filed 12/6/2004, with respect to independent Claims 1, 9, 17 and 22 have been fully considered and are persuasive. The rejections of Claims 1, 4-12, 14-22 and 24-30 has been withdrawn.

EXAMINER'S AMENDMENT

6. The application has been amended as follows:

In a telephone interview with the applicant representative, Dan DeVos, the Claims 20, 22, 24, 25 and 34 were changed as follows:

Claim 20: Change line 1 to recite, "The system of claim 19" instead of "The system of claim 18".

Claim 22: Change line 4 to recite, "a first set of voltage nodes" instead of "a set of voltage nodes". Change line 7 to recite, "the first sets of voltage nodes"

Art Unit: 2133

instead of "the sets of voltage nodes". Change line 8 to recite, "the first sets in specified" instead of "the sets in specified".

Claim 24: Change line 2 to recite, "the first set of voltage nodes" instead of "the set of voltage nodes".

Claim 25: Change line 1 to recite, "the first set of voltage nodes" instead of "the set of voltage nodes".

Claim 34: Change line 1 to recite, "The apparatus of claim 33" instead of "The apparatus of claim 34".

Allowable Subject Matter

7. Claims 31-41 are allowed.

The following is an examiner's statement of reasons for allowance: The reference art of Bock, Milburn and Colley teach an apparatus/method consisting of an FRC processor with two execution cores with scan chains used to transfer data in the cores for the purpose of a reset. However, the prior arts of record taken alone, or in combination failed to teach, anticipate, suggest, or render obvious the claimed invention or the method steps of the application. Specifically, as per Claims 31 and 37, the prior arts failed to teach, anticipate, suggest, or render obvious the limitation introduced into these claims, namely: the "reset" is generated internal to the FRC processor. Consequently, dependent Claims 32-36 and 38-41 are also allowed.

In all, Claims 1, 4-12, 14-22, 24-41 are allowed, and are renumbered as Claims 1-37.
